DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on August 4, 2005 has been entered.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 19-21 and 23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A single claim which claims both an apparatus and the method steps of using the apparatus is indefinite under **35 U.S.C. 112**, second paragraph. In *Ex parte Lyell*, 17 USPQ2d 1548 (Bd. Pat. App. & Inter. 1990).

Claim Rejections - 35 USC § 101

4. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

5. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

6. Claims 19-21 and 23 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

The claim is directed to neither a "process" nor a "machine," but rather embraces or overlaps two different statutory classes of invention set forth in **35 U.S.C. 101** which is drafted so as to set forth the statutory classes of invention in the alternative only. *Id.* at 1551.

Response to Amendment

7. Updated Lists of Exceptions to the Centralized Delivery and Facsimile Transmission Policy for Patent Related Correspondence

The United States Patent and Trademark Office (Office) requires most patent related correspondence to be: a) faxed to the Central FAX number (571-273-8300), b) hand carried or delivered to the Customer Service Window (located at the Randolph Building, 401 Dulany Street, Alexandria, VA 22314), c) mailed to the mailing address set forth in 37 CFR 1.1 (e.g., P.O. Box 1450, Alexandria, VA 22313-1450), or d) transmitted to the Office using the Office's Electronic Filing System.

General "Centralized Delivery" Policy: For patent related correspondence, hand carry deliveries must be made to the Customer Service Window unless an exception under List I of this notice applies, and facsimile transmissions must be sent to the Central FAX number (571-273-8300) unless an exception under List II of this notice applies. Exceptions to the general policy of "centralized delivery" generally involve situations where special handling of the patent related correspondence is available. All the current exceptions are listed in this notice. Correspondence which is not related to a specific patent or patent application, such as a question on policy, on employment, or other general inquiry, is not covered by this notice.

Updated Lists of Exceptions: This notice replaces all prior Office notices specifying a fax number or hand carry address for certain patent related correspondence. Five significant updates have occurred to the lists of exceptions since they were last published on July 12, 2005. The five updated items are as follows:

(1) the Office of Public Records exceptions at the end of Lists I and II have been added.

(2) the PCT Operations facsimile number for correspondence permitted to be filed by facsimile in international applications under List II, exception 1, has changed to 571-273-3201.

(3) the Office of Patent Publication facsimile number under List II, exception 2, has changed to 571-273-2885, and the local area telephone number to check on receipt of payments transmitted by facsimile under that exception has changed to 571-272-4200.

(4) the Assignment Branch facsimile number under List II, exception 5, has changed to 571-273-0140.

(5) the Central Reexamination Unit (CRU) facsimile number under List II, exception 6, has changed to 571-273-9900.

In addition to updating the five items above, this notice corrects an error in the information last published for List I, exception 11, to reflect that the Office of Enrollment and Discipline delivery location is in the Madison West building - not the Madison East building.

List I – Exceptions for Certain Hand Carried Correspondence

Patent-Related Correspondence

37 CFR 1.10(i) addresses interruptions or emergencies in USPS "Express Mail Post Office to Addressee" service that are designated by the Director for patent-related correspondence. Correspondence covered by 37 CFR 1.10 that would have been filed with the USPTO under 37 CFR 1.10 during this USPS service interruption, but which was not filed due to the USPS service interruption, should be filed promptly after the termination of the USPS service interruption with a petition in accordance with 37 CFR 1.10(i) using "Express Mail" service in accordance with 37 CFR 1.10.

The provisions of 35 U.S.C. § 21(a) and 37 CFR 1.10(i) apply only to postal interruptions and emergencies. The provisions of 35 U.S.C. § 21(a) and 37 CFR 1.10(i) do not provide for the granting of a filing date to correspondence as of the date on which it would have been filed but for other exigencies, such as the unavailability of an office or building other than a USPS facility. These provisions apply only if the post office was closed or "Express Mail" service suspended in the affected areas on the specified date due to Hurricane Rita.

37 CFR 1.10(i) provides that any person attempting to file correspondence by "Express Mail Post Office to Addressee" service that was unable to be deposited with the USPS due to an interruption or emergency in "Express Mail" service which has been so designated by the Director may petition the Director to consider such correspondence as filed on a particular date in the Office. 37 CFR 1.10(i) specifically provides that: any person attempting to file correspondence under this section that was unable to be deposited with the USPS due to an interruption or emergency in "Express Mail" service which has been so designated by the Director, may petition the Director to consider such correspondence as filed on a particular date in the Office, provided that:

- (1) the petition is filed in a manner designated by the Director promptly after the person becomes aware of the designated interruption or emergency in "Express Mail" service;

- (2) the petition includes the original correspondence or a copy of the original correspondence; and

- (3) the petition includes a statement which establishes, to the satisfaction of the Director, that the correspondence would have been deposited with the USPS but for the designated interruption or emergency in "Express Mail" service, and that the correspondence or copy of the correspondence is the original correspondence or a true copy of the correspondence originally attempted to be deposited with the USPS on the requested filing date.

Patent-related inquiries concerning this notice may be directed to Eugenia Jones, Senior Legal Advisor in the Office of Patent Legal Administration, at (571) 272-7704 or at PatentPractice@uspto.gov.

Trademark-Related Correspondence

37 CFR 2.195(e) and 2.198 address interruptions or emergencies in USPS "Express Mail Post Office to Addressee" service that are designated by the Director for trademark-related correspondence. Correspondence covered by 37 CFR 2.198 that would have been filed with the USPTO under 37 CFR 2.198 during this USPS service interruption, but which was not filed due to the USPS service interruption, should be filed promptly after the termination of the USPS service interruption with a petition in accordance with 37 CFR 2.146 and 2.198.

The provisions of 35 U.S.C. § 21(a) and 37 CFR 2.195(e) apply only to postal interruptions and emergencies. These provisions do not provide for the granting of a filing date to correspondence as of the date on which it would have been filed but for other exigencies, such as the unavailability of an office or building other than a USPS facility. These provisions apply only if the post office was closed or "Express Mail" service suspended in the affected areas on the specified date due to Hurricane Rita.

Under 37 CFR 2.195(e) and 2.198, any person attempting to file correspondence by "Express Mail Post Office to Addressee" service that was unable to be deposited with the USPS due to the interruption or emergency in "Express Mail" service in the areas designated in this notice may petition the Director to consider such correspondence as filed on a particular date in the Office. The petition must:

- (1) Be filed promptly after the ending of the designated interruption or emergency in "Express Mail" service;
- (2) Include the original correspondence or a copy of the original correspondence; and
- (3) Include a statement which establishes, to the satisfaction of the Director, that (1) the correspondence would have been deposited with the USPS but for the designated interruption or emergency in "Express Mail" service, and (2) the correspondence or copy of the correspondence is the original correspondence or a true copy of the correspondence originally attempted to be deposited with the USPS on the requested filing date.

Please note that under 37 CFR 2.101(b)(2), 2.102(a)(2) and 2.198(a)(1), the Express Mail procedures cannot be used for the following types of correspondence: applications for registration of marks; amendments to allege use under 15 U.S.C. § 1051(c); statements of use under 15 U.S.C. § 1051(d); requests for extension of time to file a statement of use under 15 U.S.C. § 1051(d); affidavits of continued use under 15 U.S.C. § 1058; renewal applications under 15 U.S.C. § 1059; requests to change or correct addresses; combined filings under 15 U.S.C. §§ 1058 and 1059; combined affidavits or declarations under 15 U.S.C. §§ 1058 and 1065; responses to notices of irregularity under 37 CFR 7.14; requests for transformation under 37 CFR 7.31; notices of opposition to applications based on 15 U.S.C. § 1141f(a); and requests for extensions of time to oppose applications based on 15 U.S.C. § 1141f(a). Moreover, 37 CFR 2.197 (certificate of mailing procedure) does not provide for according a filing date as of the date of deposit with the USPS. Therefore, it would be inappropriate to file a petition seeking a filing date as of the date of deposit of the types of correspondence listed in 37 CFR 2.101(b)(2), 2.102(a)(2) and 2.198(a)(1) as Express Mail, or as of the date on a certificate of mailing under 37 CFR 2.197.
